## **EE/CprE/SE 491 WEEKLY REPORT 1**

**Semester Start-9/19/2024**

**Group number: sdmay25-33**

**Project Title: Interactive Embedded Systems Learning using the Prairie Learn Framework**

**Client &/Advisor: Philip Jones**

### **Team Members/Role:**

**Rachel Druce-Hoffman** — *Token Woman*

**Justin Cano** — *The Hand of the King*

**Joey Krejchi** — *Supreme Leader and Commander*

**Caden Otis** — *Follower to the Supreme Leader*

---

### ○ **Weekly Summary**

Our main objectives have been clarifying the scope of our project and getting used to working with each other. Our team has handled the initial obstacles of scheduling and completing class activities well. Although we have not yet met with our Advisor, we have been in contact with him and are confirming our weekly meeting time. Through looking into competing products and becoming familiar with the PrairieLearn framework, we are building a strong foundation for the rest of our project.

### ○ **Past week accomplishments**

- All team members did their best to communicate with our advisor clearly and in a timely manner.
- All team members have responded timely to each other and have been very understanding during scheduling conflicts
- All team members have effectively collaborated on, completed, and submitted in class assignments.

### ○ **Pending issues**

- We all are waiting to find our meeting time with our advisor

○ **Individual contributions**

<b><u>NAME</u></b>	<b><u>Individual Contributions</u></b> <i>(Quick list of contributions. This should be short.)</i>	<b><u>Hours this week</u></b>	<b><u>HOURS cumulative</u></b>
Rachel Druce-Hoffman	Communicating with group mates; scheduling; sending initial email to Advisor/Client + 1 followup email	1	1
Caden Otis	Sent a follow-up email to our client/advisor, communicate and plan possible meeting times with the group	1	1
Justin Cano	Communicated with group mates about the plans for our project.	1	1
Joey Krejchi	Sent a follow up email to our advisor discussing meeting times	1	1

○ **Plans for the upcoming week**

- Caden Otis: I will continue communicating with our client/advisor to set up a weekly meeting time. I will also do more research to figure out how we can make our product unique and fun for its intended users.
- Joey Krejchi: I will bring a positive attitude to future work and research more solutions for our project.
- Rachel Druce-Hoffman: I will continue scheduling with teammates, our advisor, and our TA to setup a plan for all weekly meetings. I will aim to refine my understanding of our project, and begin looking at first steps.
- Justin Cano: I will start doing research into old 2880 material to start getting an understanding of what types of learning content we want for our project
